## Open Dutch Championship Pool Events first European Pool Cup Sunday 7 October 2012 De Tongelreep in Eindhoven

### TWO POOLS FOR ONE CHAMPIONSHIP

This year we swim in two pools at the same time again. The competition has grown so much in the last few years, with all different age groups, that the programme became too long for one pool. The age groups C and D swim in the 25 meter pool. All other categories (A-B-Masters) swim in the 50 meter pool. In the swimming stadium both pools are in the same hall, that is divided into two by a flexible wall. There will be one passage between both pools. In the 50m pool we use electronic timing. 'De Tongelreep' offers a fantastic venue for this competition.

**Entrance and accreditation in the hall of the swimming centre.**
